
Dear Parents and Teachers,

Thank you for your purchase of *The Bible in the Ancient World*, vol. 2. I am confident that your students will continue to grow spiritually in their study of the Word of God. As you will soon become aware, the lessons in the second volume are substantially longer than those in the first volume. Having completed volume 1, your students are now being presented with slightly more advanced material. Additionally, there are sections in this volume where no Bible reading is assigned. Students who complete the reading assignments will read the New Testament except for 1,2,3 John, Jude, and Revelation. Acts will be read twice.

I have prepared and sold this material to function as a source of my livelihood. As a matter of courtesy, please do not copy and/or distribute any of the material of *The Bible in the Ancient World*. All of this material is electronic, which allows you to use it for all of your children or students with only one purchase. However, please restrict the use to your own family or classroom. Do not print or copy the curriculum in any part or whole for those outside your immediate family or classroom. Do not modify any of the following content or alter any of the wording in any way. All photos of Israel are from The Pictorial Library of Bible Lands, available at www.BiblePlaces.com. Photos and images not from Bible lands belong to the public domain. All maps were created with Bible Mapper 4.0, available at www.biblemapper.com. I have been granted permission to include these photos and maps in my curriculum. Copy or distribution of either of these is a violation of copyright law. However, you may enlarge any of the PDF documents for an up close view of any material.

May the Lord richly bless your students' progress in their studies. Should they encounter any points of confusion, you are welcome to contact me with any questions or concerns you have. Many hours have been put into the creation and revision of this volume. I ask for your grace in any details that have been overlooked. You are invited to contact me with any concerns you have.

Cordially,

Sean Holland
